

# Last stop art drop

**EcoSet ReDirect** is your one-stop drop off solution for remaining set dressing, props, scenic elements, scrap materials and other reusable creative waste from productions.

**Save time and labor. Save on dumpsters or trips to the landfill.**

After rentals are returned and you've donated what you can to charities, we'll take everything else. Items are then recirculated as a free resource back into the local creative community at our Materials Oasis.
