STAGE 2

- zero waste services
- reuse diversion
- sets, events & more

2025 Services

Minimizing environmental impact. Maximizing resources.

Partner with us to reduce Scope 3 emissions:

- EcoSet's ReDirect materials diversion services reduce department-wide production waste and promote circularity by designating items for reuse rather than disposal
- Zero Waste services divert set waste from landfills, and eliminate single-use plastic bottles and disposable food service products on set

Promote social impact through donating leftover edible food, and prioritizing the donation of useful set dressing and wardrobe to 501(c)3 groups

A one-stop sustainable production solution

ReDirect - DUMPSTER ALTERNATIVE

[Give purpose to your surplus](#)

- Drop off excess production and event materials for a diversion fee
- Hire us to pick up reusable set materials to avoid dumpsters
- Hire us for sustainable storage clear outs (Set Dec, Scenic, Costumes)

Zero-Waste - ON SET SERVICES

[A better behind the scenes](#)

- Set up Zero-Waste practices for your production or event
- Implement recycling, composting, reuse, and food recovery
- Go plastic-free with water refilling stations and reusable bottles

Materials Oasis - FREE MATERIALS

[Pick up free materials for your next project](#)

- Make an appointment to select scenic elements, set dressing, lumber, expendables, and many other budget-saving resources
- EcoSet connects film sets and surplus creative materials to the Los Angeles community. Schools, nonprofits, artists, filmmakers, theater groups, DIY enthusiasts, and countless others benefit from free, leftover production items that would have otherwise been discarded

With a plan in place, it's not waste!

2025 Los Angeles Services

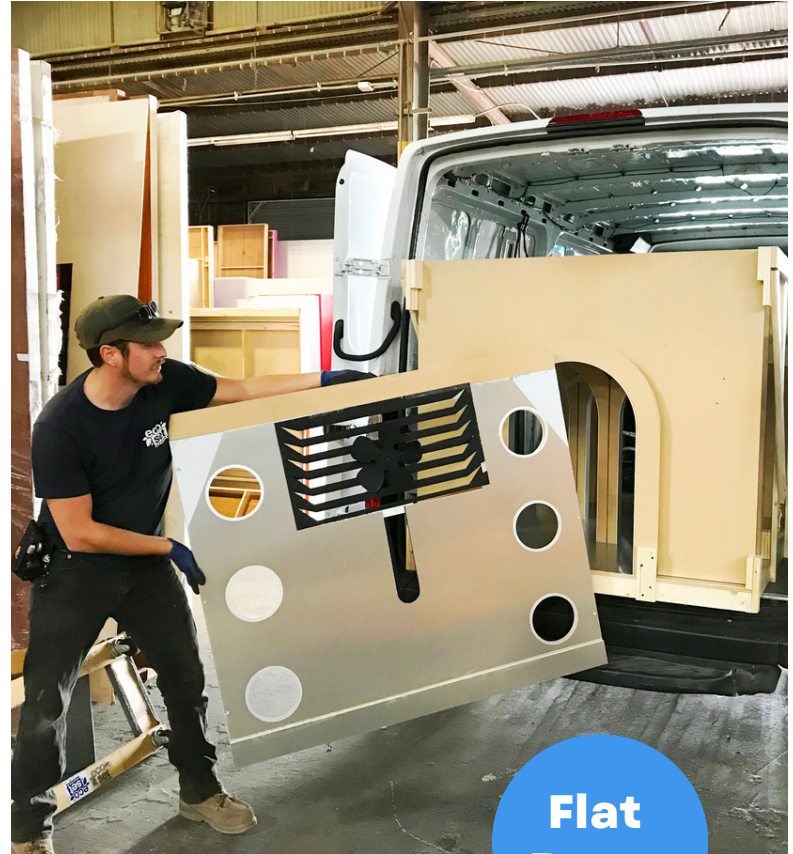

EcoSet ReDirect

DUMPSTER ALTERNATIVE

Materials diversion and reuse strategies for productions and events

ReDirect is your one-stop solution for remaining set dressing, props, scenic elements, scrap material and other reusable creative waste from productions.

Flat Rates

FILM / TV COLLECTION BOX

EcoSet offers convenient collection options for surplus reusable production materials, streamlining waste reduction and aligning with a project's circularity goals.

\$350/ box

Additional fees apply
for transportation

PAINT SHOP WRAP COLLECTION

Collect surplus paint, tints, reusable painting supplies, expendables and other shop related items for donation

PRODUCTION OFFICE WRAP COLLECTION

Collect office supplies, working electronics, tech waste, expendables and any other reusable materials for donation

Do better than a dumpster

We'll work with your project to create a customized collection process for any challenging materials that require a sustainable management strategy. We can provide waste diversion metrics for your sustainability tracking.

HOURLY OR REMOTE PROJECT SUPPORT

We advise on final donation and disposition processes in LA or other filming markets.

Coordination: \$100/ hour

Minimum engagement of 20 hours

We'll partner with your team during prep, production or wrap to create an efficient reuse strategy and donation scope.

EcoSet Zero-Waste

DIVERSION AND REUSE STRATEGIES FOR PRODUCTIONS AND EVENTS

EcoSet implements Zero-Waste processes on set, diverting general production waste through collecting recycling, compost and reusable materials. We collaborate with departments to create next-life strategies for useful materials that can be recirculated for reuse, avoiding standard waste disposal.

\$2,000 - 3,000 / shoot day

Pricing varies depending on the logistics of a specific project. Pricing includes (2) Eco Crew, (2) dumpsters, all equipment and supplies to manage general crew waste on a production day. Large disposals require additional coordination and facilitation costs.

WASTE PREVENTION

Coordinating and implementing techniques to avoid disposability on set. EcoSet can recommend or provide alternatives to disposable food service products and single-use items.

WASTE DIVERSION

Managing and tracking all waste generated on set (recycling, compost, reusable items, food donations)

REUSE STRATEGY

Avoiding disposal by planning for donation of creative materials, constructed elements, discarded expendables and reusable items that can have an extended life cycle.

DONATION

Recirculating wardrobe, furniture, decor, home goods, products and other valued items to schools and 501(c3) groups
