

ECOSSET SERVICES IN LOS ANGELES

EcoSet partners with productions to minimize the environmental footprint of a project, maximize the useful life of materials and contribute to a circular economy.

We offer a range of support services for productions to achieve their sustainability goals. By working with us, your project diverts materials from a landfill while creating a net positive result through material reuse strategies that benefit local communities. We prioritize donating valued items to 501(c)3 organizations, and recirculating all types of reusable resources through our [Materials Oasis](#) reuse center.

Zero Waste Production Services

Materials Donation Center

Reuse Services

Temporary Space Rentals

Standard Flat Rentals

Labor and Logistics

Environmental Benefits

Minimize volume of waste sent to landfill in alignment with Zero Waste goals

Reduce carbon footprint of waste disposal process by prioritizing reuse and recycling

Maximize useful life of creative assets and reusable materials

Donate to non-profit partners (furniture, home essentials, office and art supplies)

Productivity and Cost Benefits

Convenient one-stop shop to manage all hard to recycle or non recyclable items

Reduce amount of time researching and coordinating waste diversion process

Reduce storage billing costs with third party vendors through storage clear outs

Avoid dumpsters and labor to destroy materials for landfill disposal

EcoSet is FAST, FLEXIBLE and EFFICIENT. We are a turnkey service provider, adaptable to shifting timelines and project needs. We can engage at any stage of production, and accommodate changes to scope throughout the estimating process and implementation.

Conveniently located for the creative industries

MATERIALS REUSE CAPABILITIES

Asset and Material Disposition

- Intake and recirculate all types of materials as a one-stop-shop
- Intake any type of load (box truck, stake bed, semi trailer)
- Provide pick up and/or receiving services for storage clear outs of released assets and creative elements
- Disburse released set dressing, wardrobe, scenic builds, props, merchandise, office supplies and all reusable scrap materials
- Responsibly manage all waste and recyclable materials from the sorting process (packing materials, plastics, metals, cardboard, paper, construction waste, electronic waste, paint and hazardous materials)
- Flexible strike options to complete full scope on tight deadlines or receive materials gradually as drop offs

A 5-ton box truck filled with reusable materials avoids 1.25 40-yard dumpsters.

Reuse Coordination (billed hourly)

- Advise shows before wrap process begins. Research and provide leads for donation outlets during strike in order to avoid diversion and/or disposal costs
- Coordinate direct placements to recipients from a project site to minimize billable transportation, logistics and disbursement labor
- Prioritize donating items of value to nonprofits, schools and community groups
- Coordinate remotely for projects working in markets outside of LA

Metrics and Reporting

- Provide data and details for EMA Green Seal Submission process
- Track reuse diversion data per project and cumulative reuse data per year
- Aggregate information into an impact report including diversion metrics and highlights of reusable materials recirculated

Remove Branding and IP, Process Production Documents

- Identify sensitive materials included in storage clear outs that cannot be donated
- Remove show identity, intellectual property
- Process production binders and documents for recycling or disposal including talent photos, crew and talent information, with shredding available upon request

Training and Program Alignment

- Contribute to a project's sustainable production guidelines to include comprehensive reuse strategies in order to avoid disposal
- Host production staff and crew for tours at EcoSet to demonstrate the types of materials that can be collected during production and recirculated for reuse

PRODUCTION SUPPORT SERVICES

Recycling Program Support

- Support recycling programs for film and TV productions (hourly consultation, research, recommendations)
- Provide convenient pick up option for difficult-to-recycle items such as foam, textiles, carpet, film plastics (clean and dry bags, shrink wrap and pallet wrap)

Set Sale Support

- On-Demand labor to support set sales and host appointments (load in, organize, process sales)
- EcoSet will promote Set Sales to our extensive network of artists, production designers, theaters and other creative industry professionals

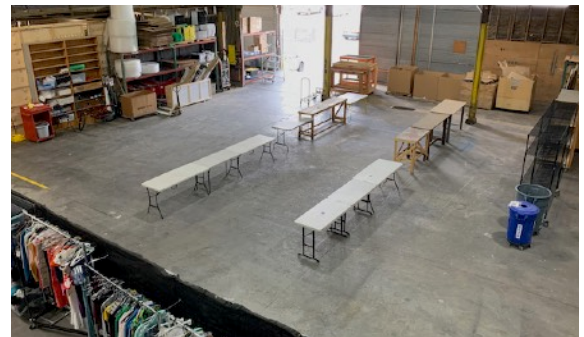

EcoSet can pick up or receive Set Dec and props during strikes or storage clear outs

Space Rentals

- Temporary workspace, Gold Room and Set Sale space
- Temporary shop space rental to paint and alter free used scenic items from our Materials Oasis

Rentals

- Standard flats and support jacks (4x8, 6x8 8x8, 4x10, 6x10, 8x10, 10x10, 10x12)
- Sanitization equipment (hand sanitizer stands, mobile hand washing sinks)
- Fake greens (contemporary potted plants)

EcoSet rents temporary workspace for set sales, prop consolidation and storage clear out processing. Our on-site recycling and reuse systems minimize a project's waste impacts.

On-Demand Labor and Logistics (non-union)

- Deliveries, transportation logistics and labor
- A to B asset relocation between shows as part of storage clear out scope or standalone scope
- Product receiving, consolidation, inventory, storage
- Standard flat building and basic carpentry
- De-installation of sets and constructed environments

Fabrication and Production Referrals

- Referrals to our network of on site production designers, fabrication shops, table top directors, prop makers, carpenters, welders and other creative professionals
- Referral vendors will prioritize sourcing sustainable and used materials
- Referral vendors will partner with EcoSet to divert used materials instead of landfill disposal
