Call Flow (If you want us to lead)

GENERAL CALL

Introduction & Goals

We'll ask what brought you here, and what you're curious about

Sustainability Foundations

We'll explain sustainable production basics: terms, tools, misconceptions

Real - World Examples

Hear how other productions are reusing materials, set pieces, props in order to avoid waste

Tailored Next Steps

We'll suggest resources, organizations and other information to help you on your self learning journey

ADVANCED CALL

Project Context

We'll ask about your production, goals, and any pain points

Strategy Support

We'll offer input on waste systems, vendor choices, logistics, workflows

Real - Life Solutions

We'll share relevant case studies metrics, and tolls we've seen work

Custom Roadmap

We'll wrap with next steps tailored to your timeline, team, or needs
